## ENROLLMENT OF PUPILS

## NORTH SCHOOL

Spring term, 10 weeks; 12 pupils; average 10.79

Fall term, 10 weeks; 13 pupils; average 10.65

Winter term, 10 weeks; 13 pupils; average 10.14

Teacher, spring term, Miss Grace M. Colby, wages \$14.50 per week. Fall term, Mr. Leland Cunningham, wages \$15.00 per week. Winter term, Mrs. Andietta Roode, wages, \$15.00 per week.

## CENTER SCHOOL

Spring term, 10 weeks; 10 pupils; average 9.6

Fall term, 11 weeks; 9 pupils; average 7.7

Winter term, 8 weeks; 9 pupils; average 8.4

Teacher, Miss Mabel P. Heal, wages \$14.50 per week.

Because of sickness the Center School was closed one week earlier than originally intended. The week thus lost will have to be made up in the spring term.

The spring terms in both North and Center Schools were satisfactory in every way; for the very best of reasons the teacher at North School resigned at the close of the term, much to the regret of all concerned, making it imperative that a new teacher be secured for fall. A young lady was engaged, but as there was difficulty in securing a boarding place, she accepted a position elsewhere, leaving the position unfilled within a week of opening of fall term.

A young man without previous experience was found who was willing to accept the position, and who could board with his people in a neighboring town, which fact settled the matter, and he was engaged; as a matter of course it could not be expected that a beginner

could do the same satisfactory work as that done by a trained teacher of some years' experience, in consequence of which the committee voted that an experienced teacher, preferably a woman trained for the work, be engaged for winter term, which was done, and a pleasant and profitable term was enjoyed. It is hoped the same teacher may return for the spring term.

It is also hoped that Westport will have more pupils to attend schools next spring from families moving into town upon the farms now vacant, to give a larger census and attendance record, and thereby increase the amount of money received from state.

During the year Mr. R. T. Beaton resigned from the school board and the vacancy was filled by the election of Mr. Ernest E. Colby.

Under the new State Fund Law an increase of about seventy dollars (\$70) may be expected from the state the coming year, under existing conditions, and proportionately more if the school attendance increases. As a part of the money under this new law depends upon *average attendance* of pupils, it would seem to be the business of everyone in town, to insist upon the regular attendance of every scholar every day schools were in session, as each day's absence from school means a *loss of money* to the town, and a loss of education to the child not to be reckoned in dollars and cents.

Another new law requires that toilet facilities at schoolhouses shall be put in clean and sanitary condition by Sept. 1, 1924. They shall have either flush or chemical closets or privies, accessible only from the schoolroom, from plans provided by state, entirely separate for the sexes; this could be done at Center with but comparatively small expense.

Another law requires a special appropriation for flags, flagstuffs and halyards, and the display of the flag, at schoolhouses, upon all suitable occasions.

We would recommend:

For support of schools	\$550 00
For repairs	10 00
For text books and supplies	30 00
For flags, flagstaffs and halyards	5 00
For high school tuition	40 00
